CHANGE LETTER

MATERIALS P.E. AND DESIGN MANUAL	CHANGE LETTER NO. 2
SUBJECT: Sections 301.02, and 301.04, Table 301.07-1, Section 400.01(A), Tables 400.01-1, 400.01-2, and 400.02-2.	DATE OF ISSUE: March 1992 EFFECTIVE DATE: March 1992

SUMMARY:

All changes reflected in this Change Letter, except revisions to Section 301.04, are due to changes in the reported values of Mays-meter roughness measurements. Changes in Mays-meter values are due to new calibration methods.

1. Section 301.02 - This section has been revised to address the use of true Mays-meter data. The equation given for calculating PSR is also revised.

2. Section 301.04 - The second paragraph of this section has been editorially revised.

3. Table 301.07-1 - The guidelines used for categorizing pavement for each roughness category are revised.

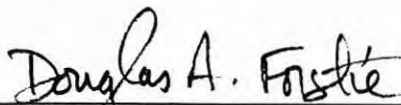

3. Section 400.01(A) - The equation given in this section for calculating thickness "T" is revised.

4. Table 400.01-1 - The overlay guidelines for each roughness category are revised.

5. Table 400.01-2 - The roughness limits for leveling requirements for overlay projects are revised.

6. Table 400.02-2 - The roughness limits for concrete non-structural rehabilitation action are revised.

Please replace pages 144 through 147, and pages 151 through 158 with the attached new pages.
